

2017 Program of Work

The Chamber Lenoir 2020 committee comprised of a diverse group of community leaders continues to identify unmet needs. In addition, the Chamber of Commerce is expanding its efforts to promote the value of chamber membership along with a positive business, education and community image campaign through traditional methods plus and a variety of social media platforms.

2017 Chairperson Michael Dunn identified the following as a priority this year:

“Foster and support the economic growth of Kinston-Lenoir County and the value of our membership through community-building actions including social networking of information, events and activities, promotion of quality of life and housing opportunities, and guiding individual efforts by local businesses, civic groups and governmental agencies into coordinated community actions”.

Membership benefit information will be included in renewal invoices
